VSAE to Offer New Member Service

The VSAE Board continues to work hard to find ways to provide value-added services to our membership. We are proud to announce our endorsement of Asset Protection Group, Inc. (AP Group) as our provider of employee benefits, specifically group health insurance, to VSAE members. This will be effective August 1, 2013. AP Group is an independent insurance agency that has a long history of providing employee benefits to small and large businesses. AP Group has been a member of VSAE for a few years and Monty Dise, AP Group's president, has written articles in the VSAE newsletter and spoken to the VSAE membership on health care reform.

Monty is very knowledgeable on health care, having served on the board of Governor Kaine's Access to Healthcare Committee. Monty was honored to be

personally chosen as one of 24 Virginian leaders on Governor McDonnell's Virginia Health Reform Initiative Advisory Council, along with multiple sub-committees. He considers himself privileged to take part in advancing the VHRI vision that " *Virginia should aspire to have the healthiest individuals, the healthiest communities, the best health care system and the strongest economy in the nation*". Because of these appointments, Monty has a unique understanding of the upcoming changes to health care.

Monty and his staff at AP Group are eager to assist you in finding ways to reduce your health premiums while maintaining quality coverage. We encourage you to contact Monty regarding any questions you may have about health insurance at mdise@apgroupinc.com or visit AP Group's website at www.apgroupinc.com.
